On Thursday David Steinberg published an **extensive report** on the alleged crimes and history of Rep. Ilhan Omar and the “Omar” family.

In his report David found that the Omar family changed their name in order to enter the United States.

Via **PowerLineBlog**:

*In 1995, Ilhan entered the United States as a fraudulent member of the “Omar” family.*

*That is not her family. The Omar family is a second, unrelated family which was being granted asylum by the United States. The Omars allowed Ilhan, her genetic sister Sahra, and her genetic father Nur Said to use false names to apply for asylum as members of the Omar family.*

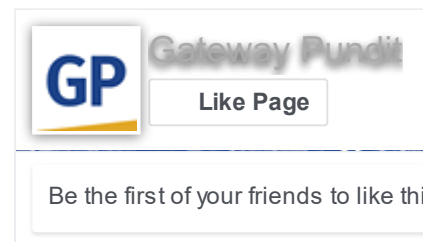

*Ilhan’s genetic family split up at this time. The above three received asylum in the United States, while Ilhan’s three other siblings – using their real names – managed to get asylum in the United Kingdom.*

*Ilhan Abdullahi Omar’s name, before applying for asylum, was Ilhan Nur Said Elmi.*

**Far Left Communist Minnesota Representative Ilhan Omar's father and other Somalian war crimes perpetrators are currently living illegally in the United States.**

**No wonder she supports communists, terrorists and illegal aliens!**

The Gateway Pundit has obtained information that is damning for Minnesota Congresswoman Ilhan Omar.

Omar's father, Nur Omar Mohamed (aka Nur Said Elmi Mohamed), is connected to the former dictator in Somalia, Said Barre. Nur and other former Barre accomplices are living in the US illegally.

Colonel Yusuf Abdi Ali "Tokeh" a Convicted Somali War Criminal who Served with Ilhan Omar's Father Nur Omar Mohamed (members of related clans and the SRC Marxist Islamist political party) the Deposed Somali Dictator Mohammed Siad Barre

Generated with XRVision Sentinel AI

Omar's father Mohamed, is living in the US. He and other Somalians like Yusuf Abdi Ali, who killed thousands for Barre, escaped to the West and were not vetted properly before entering the country. Barre was a dictator and was connected to Cuban dictator Fidel Castro as well as other dictators around the globe.

Nur, Representative Omar’s father, appears to have been a party propagandist under the dictator and was responsible for ‘ideological’ aspects of the Red-Green revolution. (He worked for the Marxist/Stalinist regime under dictator Baare as a **teacher of teachers**.) This could have included providing the ideological/political justification for the massacres of the late eighties.

It is not a secret that Ilhan Omar’s father illegally entered the United States.

And how exactly did her family scam their way in? Her father also worked hard to get here. They're citizens. Not green card holders. I She swore an oath to become said citizen. She's just as American as you and I, man.

They worked for the brutal Barre regime.

Her father worked for the regime, and then came to America pretending to be one of its victims.

The Nur family was well connected in the country led by the Marxist regime. Young Omar went to kindergarten at age four, their family lived in a secure compound in Mogadishu. When the regime was overtaken, the family caught a plane to escape the country. The average GDP per capita in Somalia was only **\$187 dollars** in 2010 twenty years after they fled the country when the regime fell. Obviously, Nur's family was a privileged family.

According to a **2016 article on Omar**, when the Marxist regime was being overtaken the secure compound that the family lived in was under attack by 20 armed men, somehow the family escaped. It is not clear how. Either the family had superior armed guards within their compound or they bribed the attackers and sent them on their way (or the story is a complete fabrication).

Both Ali and Nur escaped Somalia after the fall of Barre. Because they were no longer safe there and would have been put on trial and shot if caught, they exited the country. Both ended up in the US and both hid the fact that they worked for a totalitarian regime. Both lied on their **Form N-400, Application for Naturalization** about their communist background. (They had to or they wouldn't be here.)

As you can see below:

*The Immigration and Nationality Act (I.N.A.) contains a prohibition on naturalization for anyone involved, within the last ten years, with a group that advocates or teaches opposition to all organized government; or involved with the Communist Party or any other totalitarian party of the U.S. or any foreign state; or who advocates world communism or totalitarian dictatorship even without formal group membership. (See **I.N.A. Section 313**)."*

Both Nur and Yusuf should be disqualified from permanent US residency and a revocation of their US citizenship should take place.

Representative Omar reportedly **lied after she married her brother** in order to assist him in obtaining US citizenship.

This would obviously disqualify Omar and her brother from legal citizenship.

**It looks like illegal citizenship is all in the family for Omar and her family. Like father, like daughter (like son).**

President Trump has a Lot on his plate being President and Like former President George W.Bush is prone to mis-speaking because he answers sometimes without thinking deeply on the subject.He NOW realizes that he abandoned his supporters in the North Carolina rally by saying he was not happy about the chanting.This is very unfortunate but even someone tough skinned Like Trump can reach a point where he gets tired of constantly taking criticism 24/7 then says things hurting those who support him.Then rethinking his actions and words Trump realizes that he definitely hurt his North Carolina supporters by the things he said in the heat of the moment.He now calls the chanters at the North Carolina rally Patriots hoping this makes up for having abandoned them.The Department of Justice can solve the entire Omar controversy by Launching an investigation into her citizenship which nresentlv seems to be on verv intense

Don't be surprised if Mossad and/or ADL dig deep and blows the full whistle. This may be what is already happening. Let's hope they have DNA samples to prove she married her brother. If they do, Ms. Nur Said Elmi better brush up on her native tongue, because she'll need it.

Plenty of evidence to revoke Ilhan's citizenship

Her citizenship is invalid, period. She's an illegal alien. But I'm sure the Democrats don't consider that a disqualification for serving in Congress.

15 ^ | v . Reply . Share ›

**MkKS** → anonymous • 4 hours ago • edited

Right. Revocation is like divorce: someone who legally obtained naturalization can lose it, through revocation. A fraudulently-obtained naturalization is nullified, i.e. the person is not recognized as ever having been a US citizen. US entry gained through fraud is a crime, subject to fine and / or imprisonment, then deportation; i.e. if she tries to claim her status reverts to permanent resident, that won't fly, because that gets nullified too.

Don't deport her YET - first files charges for her many frauds. If I've read correctly, she could get up to 40 years in prison. After she finishes her prison time, THEN deport her. Let her realize what honest Justice and Rule of Law means. She chose to put herself in the limelight, let her reap what she has sown.

Yes, there is whitehouse. gov one that I signed weeks ago, for all the darn good it did.

We need a congressman to look into this, but if you are not in their district, you cannot email them. If anyone on this thread is in Zeldin's, Jordon's, Graham's, Nunes' district, can you please email them a copy of this article?

Thank you.

Fundraise for a lawsuit against Omar for harboring a war criminal. That'll make the headlines.

What evidence was presented in this story that would justify revoking her citizenship? Her father, if the story is true, should be sent back to Somalia, or whatever country it is that charged him with war crimes; just like we do to ex-Nazis who lied their way into the country.

There is proof she committed immigration fraud by marrying her brother, are you daft??

Google READ: Official documents signal discrepancies in Ilhan Omar marriage statements and the Washington Examiner.

If her father used a fictitious family name to defraud the government in order to get into the US, he and his wife and his daughter using the same fictitious family name, are all deportable.

The immigration fraud, if indeed that person is her brother, would have been trying to get *his* citizenship. She already was a citizen, years before that trumped up affair. You don't even bother to look further than your nose, or put facts together. She was naturalized in 2000, when she was 17; the fake marriage was in 2009 - so how can you possibly use that as a claim she committed fraud to get her citizenship? Are *you* that daft?

It does not matter if she was a "naturalized" citizen, she was a party to a fraudulent marriage and filed fake tax returns while married to someone else. She also falsified her name, which is not Omar, it is Said Elmi.

On side note, both she and Tlaib, have ties to CAIR, which has been label a terrorist organization by the UAE since 2012. CAIR has ties to Ham-ASS and the Muslim Brotherhood. According to Omug, this jihadist operation was created because "some people did something."

I am not daft, but your use of projection is completely ironic, and lost on you.

Finally the fact that you defend an anti-American, anti Semite ingrate, with criminal ties, says a lot about you.

I'm not defending anyone, fool. You wanna try to pull her citizenship? Well, you haven't stated one reason yet that would allow the Secretary to undo her naturalization. The crime has to be fraud in obtaining the approval of naturalization, not any crime committed afterwards. And since when did UAE decide for the US government which group is a terrorist organization? You want to charge somebody with a crime or punish that person for improper or illegal activity, make sure you know what you're talking about, or shut up.

she changed her birth year from 1981 to 1982 to make it look like she was still a minor. Then she changed several identity documents to the 1982 date. That is fraud for her naturalization.
